

CRNBC Announces Exciting Changes to Professional Liability Protection for B.C. RNs and NPs

The College of Registered Nurses of BC (CRNBC) has announced that beginning March 2016, B.C. RNs and NPs will receive their professional liability protection and have access to a multitude of new services and programs through the Canadian Nurses Protective Society (CNPS). This will directly benefit B.C. RNs and NPs and bring the province in line with the rest of Canada.

“ARNBC is proud to have advocated for this change on behalf of B.C. RNs and NPs. We are grateful to CRNBC and CNPS for having negotiated this solution for comprehensive insurance protection and support services and look forward to participating in the quality services CNPS has to offer beginning in March 2016”, said Julie Fraser, RN and ARNBC President.
